

Principles for Responsible Investment (PRI) Guides

The PRI is the world's leading proponent of responsible investment. It works to understand the investment implications of environmental, social and governance (ESG) factors and to support its international network of investor signatories in incorporating these factors into their investment and ownership decisions. The PRI acts in the long-term interests of its signatories, of the financial markets and economies in which they operate and ultimately of the environment and society as a whole.

PRI Guides:

1. [LP responsible investment DDQ: and how to use it](#) (a useful reference for both LPs and GPs)
2. [Incorporating responsible investment requirements into private equity fund terms](#)
3. [ESG monitoring, reporting and dialogue in private equity](#)
4. [Signatory directory](#) (search for any signatories' public transparency report)
